

## Leadership Manhattan

### Goals

- Identify potential business and community leaders and motivate them to become part of Leadership Manhattan
- Provide these leaders with an awareness of the issues and opportunities facing the community
- Expand and sharpen their leadership skills and techniques
- Facilitate the ongoing communication and engagement among emerging and established leaders within the community
- Encourage these trained and informed leaders to increase their involvement in local community affairs by matching skills and interests to existing goals

### Benefits

- An increasing source of quality leaders for the Manhattan area
- Access to a quality leadership training program that benefits the participants, their employers, and the community
- Assistance to potential leaders in their development, matching their skills and interests with the needs of the community
- An improved communications network among civic, business, social, and educational leaders
- A leadership base with a broadened perspective to more effectively guide the community into its future
